

Crown Energy publish a company presentation with extended financial information regarding the sale of the C-View property

PRESS RELEASE 24/05/2019

Crown Energy AB (publ) ("Crown Energy", "The Company") has published a company presentation on its website, containing extended information, for illustrative purposes, regarding the financial outcome after tax on the sale of the C-View property. Although the information is illustrative and preliminary, Crown Energy has assessed that the information may be of significant interest to the market.

In connection with the sale of the C-View property, which was published on April 30, 2019, the Company has decided to update its company presentation, which is now available on the Company's website. The presentation contains extended information, for illustrative purposes, on the financial outcome after tax of the sale of C-View.

This illustrative calculation is preliminary and may be changed and does not take into account the Company's other business activities, accounting principles (IFRS), exchange rate effects, inflation and governmental decisions that are not known to the Company at this time.

Detailed information on how the transaction will affect the financial statements in the future will be presented regularly in the Company's interim reports during 2019.

This information is information that Crown Energy AB (publ) is obliged to make public pursuant to the EU Market Abuse Regulation 596/2014. The information was submitted for publication through the agency of the contact person below on 24 May 2019 at the time stated by Crown Energy's news distributor Cision at the publication of this press release.
